

Environmental and Quality Policy Statement

It is the objective of INDUSTRIAL ACOUSTICS COMPANY LTD to continue to benefit the environment by providing Noise Control and Associated Products & Services, which meet or exceed the standards required by our Customers.

In order to achieve this objective, the Company shall establish and maintain an effective, certified Integrated Management System in accordance with BS EN ISO 9001: 2008 and BS EN ISO 14001: 2004

As an integral part of this, the company will apply the following:

- ◆ Identify our Customer's needs & expectations, and shall endeavor to satisfy them on time every time.
- ◆ A commitment to the prevention of pollution through determining & continually reviewing the significant environmental aspects & impacts relating to the business in order to apply appropriate control measures.
- ◆ Establishing & communicating meaningful quality/environmental objectives & performance targets to all staff.
- ◆ Developing & implementing controlled processes.
- ◆ Continual improvement in our operational & environmental performance.
- ◆ Complying with the requirements of the management systems together with continually improving their effectiveness.
- ◆ Identification & compliance with applicable Health and Safety/Environmental Legislative, Regulatory and Other Environmental Requirements to which the company subscribes.
- ◆ Developing employee skills & increasing their contributions to our environmental/quality performance through involvement & effective training.
- ◆ Developing Supplier relationships to obtain defect free materials/products on time, every time & encourage the development of environmental best practice.
- ◆ We are committed to providing quality, choice & value for money in the products/services we deliver to our customers.
